

# Meeting Prep

## Community of Practice Meeting

### November 26, 2020

A Community of Practice is a group of people that meets to learn something new.

We will meet to learn about how to make sure people with intellectual disabilities can take part in our work.

This will help us to plan activities.

We will meet for 1 hour.

### We will talk about:

The cost of making sure everyone can take part in our work

Where we can find people with intellectual disabilities to take part in our work

How we make sure that our work is accessible

*Easy Read*

How we make sure everyone has support

Everyone can ask questions about people with intellectual disabilities taking part

**To prepare for the meeting, with my supporter I should think about:**

Have people with intellectual disabilities have taken part in my work before?

What things have I done to make sure people with intellectual disabilities can take part?

What is the difference between someone being *at* an activity and someone *taking part in* an activity?

**To prepare for the meeting, I should read:**

Inclusion International's document called "Designing Inclusive Activities"

## To prepare for the meeting, I should write down:

The questions I have about people with intellectual disabilities taking part in my work.

You can also send your questions to [kimber@inclusion-international.org](mailto:kimber@inclusion-international.org) before the meeting.
